Dear Military Parents:

Thank you for your interest in the Mad River School District. As you prepare for your move to Wright-Patterson, we encourage you to consider having your children become a part of our school district. Whether you will be living on base or moving to a neighborhood nearby, we hope you will make Mad River your home.

We are proud to be a military community and are aware of the many challenges you and your families face – especially during war times. Children from our military families and all families in transition need our best efforts to make the most of their education. Our staff understands the anxiety, stress, and grief that accompany this kind of change and has measures in place to assist your children as needed – such as counselors in each school. In addition, our school district's membership with the National Association of Federally Impacted Schools (NAFIS) and the Military Impacted Schools Association (MISA) allows us to provide a continuum of quality education for our military students.

Mad River is a diverse, multicultural, innovative school district with a state and national reputation for continuous school improvement. Over the past several years, scores on state and national tests have improved steadily due to strong teacher, administrator, Board of Education support, and community collaboration.

We are justifiably proud of our school system. All seven of our schools are brand new, state-of-the-art facilities. Our schools' respectful environments promote high achievement, personal responsibility and life-long learning while attending to the unique needs of all students.

We are proud of our students' achievement and the outstanding quality of our staff. We emphasize the need for continued improvement for the benefit of our students - our number one priority.

Please browse our web site: www.madiverschools.org to see what awaits you in the Mad River School District or feel free to come visit one of our schools in person. We're looking forward to your arrival!

Mike Eaglowski
Superintendent
